THE ALUMNI ADDRESS LIST

PUBLISHED BY
THE UNIVERSITY OF ROCHESTER
ROCHESTER, N. Y.

Statement

The addresses given in the following list of graduates and former students of The University of Rochester are the most recent that we have been able to obtain. In a number of cases letters sent to these addresses have been returned undelivered. In all such cases the address in the book is starred. Concerning names so starred we desire more recent and correct information.

It may be that in some cases we have no record of the death of graduates or former students. We need for our record not only the fact of death, but date and place if possible

In making up this address list we have as a rule given the business address rather than the residence, when both are known to us. If any alumnus prefers to have mail matter from the University sent to his home, we shall be glad to be advised of the fact.

We have endeavored to prefix the customary titles to the names of all professional men. If in any case such title has been omitted or wrongly prefixed, we should be glad to have the correction for the next issue of this address list.

It is our desire to print these names in the form in which the alumni prefer to have mail matter addressed to them. If any one desires any modification in the form in which his name appears, we shall be glad to know of the fact, and to conform to his preference.

We have included with the list of graduates the names of those who were students in the various classes but who for one or another reason did not graduate, so far as we can obtain the present addresses of such former students. Any one who can give us information concerning members of his class who did not graduate will render us a valuable service.

A form of acknowledgment of the receipt of this bulletin is enclosed, on which we ask for a record of the name of the receiver in the form in which he desires to have mail addressed to him, together with his business address and his home address. We have also provided space for information concerning names starred in this list and concerning any non-graduates whose present whereabouts may be known to the receiver.

April, 1915.
